

National Logistics Corporation

# NLC TIR Services

Connecting the Regional  
Trade/Markets under  
International Logistics Regulations

The National Logistics Corporation (NLC), Pakistan's leading multimodal logistics organization is at the forefront of building regional connectivity and transforming trade. NLC is extending valuable contributions towards boosting economic activities by ensuring cost-effective and time-efficient movement of goods from the point of origin to the destination.

TIR (Transports Internationaux Routiers) operations are the key to unlocking new markets and connecting businesses across the region. With the help of TIR operations, NLC now offers an opportunity for business entities to transport their goods by road in 10-16 days from Pakistan to Central Asia, Turkiye, Azerbaijan and China.

(Conditions Apply)

***Leader in TIR Operations from Pakistan, NLC is offering Land-route connectivity to Kazakhstan, Turkmenistan, Uzbekistan, Azerbaijan, Turkiye & China.***

## ***Specialization in TIR Road Transportation***

One of our core strengths lies in NLC's specialization in TIR road transportation, a testament to the proficiency of the organization in facilitating seamless cross-border movements of cargo. The matchless expertise in this domain ensures that international deliveries are executed efficiently and punctually, offering a one-window solution for all logistics needs.

## ***Multimodal TIR Operations for Transit Cargo***

NLC offers logistics solutions for international customers, enabling the direct movement of shipping line containers from Karachi ports to destinations like Uzbekistan, Kazakhstan, Afghanistan, Tajikistan, and Kyrgyzstan using the TIR system. With cross-stuffing and cross-docking services at Karachi ports, NLC save its customers from detention charges and ports demurrages. NLC strives to deliver a seamless one-window solution, simplifying the logistics requirements of clients and ensuring a smooth journey for the cargo.

## ***Comprehensive End-to-End Solutions***

NLC offers comprehensive end-to-end logistics solutions, encompassing a wide range of multimodal services, including road, rail, sea, and air modes of transportation. This diverse array of options allows customers the freedom to select the most suitable transport mode that perfectly aligns with their unique requirements.

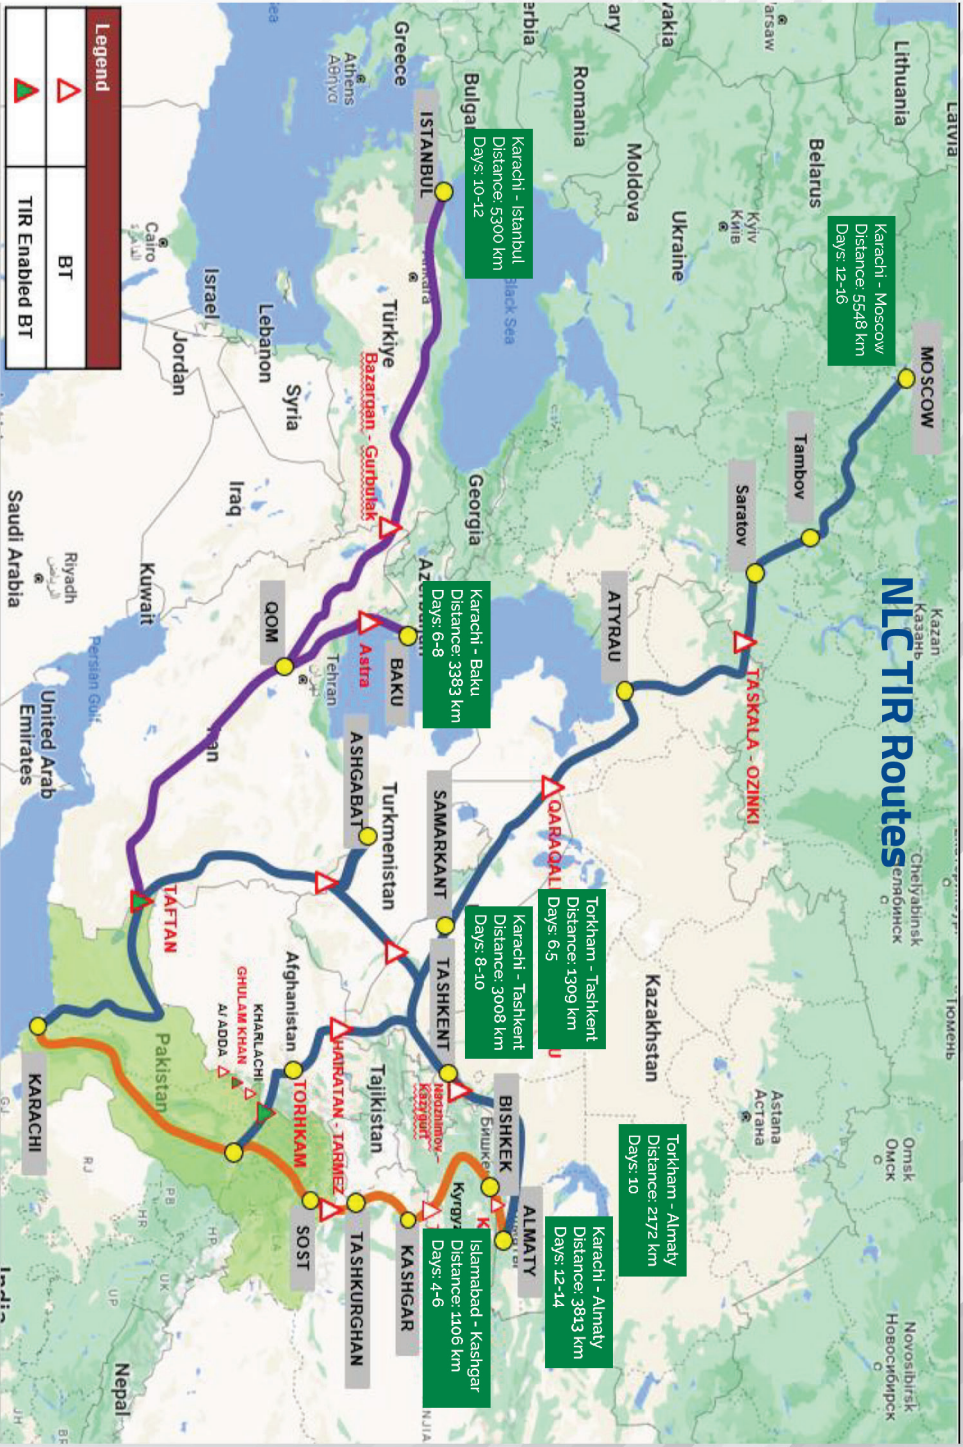

## ***Decades of Excellence***

NLC proudly boasts an outstanding four-decade track record in the logistics industry, showcasing extensive experience in delivering customized multimodal solutions to the valued clients.
